

Knockout Renovation - All in One Design, Build, Remodeling Service Announces New Website & Social Media Initiative

Knockout Renovation serving New York City and Western Brooklyn for over 25 years is using social media to create and share our lessons to help YOU make the right choice for your home.

United States -- Free-Press-Release.com -- Mar 01, 2018 -- Knockout Renovation has been serving New York City and West Brooklyn residential clients since 1992. We are a small business with 20+ staff members waiting to make your home all you imagine it can be.

Our only focus is residential clients so we know all about condo regulations, coop boards and the need to be transparent and careful in our client homes, in part because the neighbors are kind of close! We work A to Z to make sure the whole entire process is done smoothly.

We make it easier to create a more beautiful and functional home by walking you through each step of the renovation process. The steps include design, shopping, approvals/permits, product orders, deliveries, all work and a professional clean-up.

Recently, we have updated our website and partnered with a small business in New York called The Next Step to create a more robust social media footprint to share our expertise and to help reach more homeowners we can help by making their great renovation easier. We are blogging and posting to Instagram, Houzz and Twitter to create and share content and advice based off of our quarter century of designing New York City and Brooklyn homes. You can follow along with us on our blog and social media. Our blog is Knockoutrenovation.com/blog. Our Instagram offers tons of great deals, design influenced photos, content and knowledge around how to manage your home @knockoutrenovation. Our Twitter is @KnockoutNYC and we are sharing there our blogs, our knowledge and more. Houzz is Knockout Renovation and there you can see our drool worthy work.

We make renovating easier by combining the services of a design firm, retail store and contractor, warranty AND clean up crew all under one roof. Serving the area for over 25 years, we provide whole home and apartment renovation and remodeling services in the New York City boroughs of Manhattan and Brooklyn. We coordinate and supervise every aspect of a remodeling project from the initial consultation, design, and permit process to product selection help, ordering and deliveries to

construction and post-job cleanup.

When we're done, your home is ready to enjoy!

Why You Should Work With Knockout

- We have over 25 years of service excellence which means you have a team of experts working for you and guiding you through the process.
- We are the experts, we provide the staff and act as project manager / designer so you do not have to be involved in the day to day of your renovation. We use a turn-key approach means you'll spend less time in your project, but still get amazing results.
- Industry leading seven year labor and products warranty that gives you peace of mind.
- On-time guarantee means we will hit our target end date for your project.
- Progress invoicing means you have updates for every step of the process and pay as you go.
- Designer- Project Managers leading the team from start to finish to ensure that the work matches the design.
-

We look forward to helping you with your design dreams. Our expertise is all inclusive for New York City and Western Brooklyn residential renovations.
