Knockout Renovation Anniversary Celebration

Knockout Renovation celebrates 26th year in business! *Knockout Renovation, a NYC all in one design, build and remodeling firm, owned by Keith Steier just celebrated their 26th year in business and they have a gift for YOU!*

United States -- Free-Press-Release.com -- Sep 19, 2018 -- Knockout Renovation opened its doors in 1992 and continues even now, 26 years later, to provide the ultimate home renovations as an all in one design, build and remodeling firm for homes in Brooklyn and New York City.

In the years since opening, Knockout Renovation has seen the changes of NYC and Brooklyn neighborhoods, have been instrumental in giving back to the community, been on The Racheal Ray Show and provided amazing customer service time and time again.

For any brick and mortar store to survive for 26 years, especially in New York City, a highly competitive landscape, they must all be doing something right!

To celebrate this milestone, the team at Knockout Renovation want to give YOU a gift. All design consults are free (always) but if you call or email to schedule one and mention/include code HBD (get it, Happy Birthday), you will get a \$1400 credit on your project AND a surprise gift!

Call today to have a design consult at home, on YOUR TIME, while the celebration is still going on! Call today at 212.559.5060. We make every home a knockout from bathrooms to kitchens to living spaces.
